The Conservatory to Sunroom roof system has been designed to be installed as a retro fit onto existing conservatory window frames, **converting your conservatory into a usable all-year-round sunroom**. We also provide a complete sunroom construction service if required.

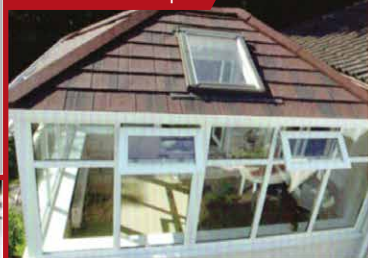

If you have an existing conservatory, you will probably agree that it is often too hot in the summer months and can be very cold in winter. The Conservatory to Sunroom roof system has an incredible u-value* ensuring you will never experience these extreme temperature changes ever again!

Key Features:

- Conservatory to Sunroom gives an **incredible u-value** of 0.18 (0.15 for the Scottish market) that meets building regulations.*
- **Lightweight aluminium fully structural frame** with frame connector system for when new windows or doors are to be fitted to a new or existing building.
- **Choice of tile and slate colours**. Tiles are tried and tested for many years in the USA, Canada and Australia, **giving total peace of mind in extreme weather conditions**.
- **25 year guarantee** on tiles with a life expectancy of over 40 year.
- Large **roof windows** are available to allow in maximum light.
- **Range of colour matched fascias, soffits and gutters** to suit your choice of windows.
- **A choice of internal ceiling finishes** (plaster or tongue and groove timber effects).
- **Easy to install** to existing window frames.
